**Tuesday, February 12th**  
**12:30 pm to 1:30 pm**

The Gould Auditorium in  
the Marriott Library

*\*refreshments will be provided*

---

*At a time of increasing inter/national precarity for various marginalized populations, there has never been a more pressing need to work toward liberation. This is certainly true for transgender people, including transgender college students. In this talk, Dr. Z Nicolazzo will discuss the experiences of transgender college students, and what they can teach everyone about envisioning more equitable and just educational spaces.*

---

Sponsored by the Department of Educational Leadership and Policy and  
the Division of Gender Studies at the University of Utah
